Bring Up Grades (BUG) Program

BUG is a program designed to provide recognition to students who raise their grades to an acceptable range, and maintain or continue to raise them from one grading period to the next. **Beverly Wiggins** has implemented this program at the Erma Henderson School at 9600 Mettetal St; Detroit, MI. The principal and the students are very enthusiastic about this program. The school operates from 7:30 - 2:40 and volunteers to read with the children are needed. Can you spare an hour once a month? Let's show the children some love.

Save these dates
