▪ **Bring Up Grades (BUG) Program**

BUG is a program designed to provide recognition to students who raise their grades to an acceptable range, and maintain or continue to raise them from one grading period to the next. Beverly Wiggins has implemented this program at Erma Henderson School at 9600 Mettetal St; Detroit. The principal and the students are very enthusiastic about this program. The school operates from 7:30 – 2:40 and volunteers to read with the children are needed. Can you spare an hour once a month? Let’s show the children some love.
